SPS CS Plaster pretreatment

SIE00319-1a

Producer

S.P.S. BV Zilverenberg 16 5234 GM 's-Hertogenbosch. Nederland Tel. +31 73 642 27 10 Fax. +31 73 642 60 95 e-Mail: info@spsbv.com www.spsbv.com

Emergency Phone Nr. : +31 73 642 27 10 [7:30 - 16:30]

Responsible for distribution

S.P.S. BV Zilverenberg 16 5234 GM 's-Hertogenbosch. Nederland Tel. +31 73 642 27 10 Fax. +31 73 642 60 95 e-Mail: info@spsbv.com www.spsbv.com

Emergency telephone (24h): +31 30 274 88 88 NL - Nationaal Vergiftigingen Informatie Centrum (NVIC) [Only for doctors to inform accidental poisoning]

SECTION 1. Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier		
Trade name	: SPS CS Plaster pretreatment.	
Type of product	: Undercoat	
1.2. Relevant identified uses of the	substance or mixture and uses advised against	
Directions for use	: Pre-treatment product / Undercoat	
1.3. Details of the supplier of the sa	ifety data sheet	
Company identification	: See producer or distributor.	
1.4. Emergency telephone number		
Phone nr	: See producer or distributor.	

SECTION 2. Hazards identification

2.1. Classification of the substance or mixture

Classification EC 67/548 or EC 1999/45

This preparation is not classified as dangerous according to the EC Directive 1999/45/EC.

Hazard Class and Category Code(s), Regulation (EC) No 1272/2008 (CLP)

Not yet regulated. (2015)

2.2. Label elements

Labelling EC 67/548 or EC 1999/45 Labelling Regulation EC 1272/2008 (CLP) 2.3. Other hazards Other hazards Safety advises : None under normal conditions. Safety advises : Keep out of the reach of children. Avoid contact with skin and eyes. Use only in well-ventilated areas. If swallowed seek medical advice immediately and show this container or label. Dispose of this material and its container to hazardous or special waste collection point. [For professionals, a safety data sheet is available on demand.]

SIE00319-1a

SECTION 3. Composition/information on ingredients		
3.1./3.2. Substance / Preparation	: This product is defined as a mixture.	
Hazardous component(s)	: This preparation does not contain any substances presenting a health or environmental hazard within the meaning of the Dangerous Substances Directive 67/548/EEC or assigned an occupational exposure limit.	

SECTION 4. First aid measures

	<u>4.1.</u>	Description	of first aid	<u>measures</u>
--	-------------	-------------	--------------	-----------------

- Inhalation	: Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, administer artificial respiration. Give nothing by mouth.
- Skin contact	: Remove contaminated clothing. Wash skin thoroughly with soap and water or use recognised skin cleanser. Do NOT use solvents or thinners.
- Eye contact	: Remove contact lenses, irrigate copiously with clean, fresh water for at least 10 minutes, holding the eyelids apart and seek medical advice.
- Ingestion	 If accidentally swallowed obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.

4.2. Most important symptoms and effects, both acute and delayed

No information is on file to date regarding acute and/or delayed post-exposure symptoms and effects.

4.3. Indication of any immediate medical attention and special treatment needed

In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.

If unconscious place in recovery position and seek medical advice.

SECTION 5. Firefighting measures

5.1. Extinguishing media

- Extinguishing media
- Suitable
- Not to be used

: Dry chemical. Alcohol foam. Carbon dioxide. Water fog.

: Do not use a heavy water stream.

5.2. Special hazards arising from the substance or mixture

Fire will produce dense black smoke. Exposure to decomposition products may cause a health hazard. Appropriate breathing apparatus may be required.

5.3. Advice for firefighters

Cool closed containers exposed to fire with water. Do not allow run-off from fire fighting to enter drains or water courses. **Flammable class** : Not combustible.

SECTION 6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions	: No smoking. Equip cleanup crew with proper protection.
Technical measures	: Ventilate area.
	Do not breathe vapours.
	Refer to protective measures listed in sections 7 and 8

Page : 3 / 8

Revision nr : 1 Date : 1 / 9 / 2011

Supersedes : 0 / 0 / 0

SPS CS Plaster pretreatment

SIE00319-1a

SECTION 6. Accidental release measures (continued)

6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if product enters sewers or public waters.

6.3. Methods and material for containment and cleaning up

Contain and collect spillage with non-combustible absorbent materials, e.g. sand, earth, vermiculite, diatomaceous earth and place in container for disposal according to local regulations (see section 13). Clean preferably with a detergent - avoid use of solvents.

6.4. Reference to other sections

See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

SECTION 7. Handling and storage

7.1. Precautions for safe handling

Keep container tightly closed. Avoid skin and eye contact. Avoid the inhalation of dust, particulates and spray mist arising from the application of this preparation. Avoid inhalation of dust from sanding. Smoking, eating and drinking should be prohibited in application area. For personal protection see Section 8. Never use pressure to empty : container is not a pressure vessel. Always keep in containers of same material as the original one. Comply with the health and safety at work laws.

7.2. Conditions for safe storage, including any incompatibilities

Storage	: Store in accordance with local/national regulations.
	Notes on joint storage: Keep away from oxidising agents, from strongly alkaline and strongly acid materials.
	Additional information on storage conditions: Observe label precautions. Store between 5 and 30°C in a dry, well ventilated place away from sources of heat and direct sunlight. Keep container tightly closed. No smoking. Prevent unauthorized access. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

7.3. Specific end use(s)

SECTION 8. Exposure controls/personal protection		
Engineering Measures	: Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction.	
8.1. Control parameters		
TLV-TWA [mg/m3]	: Not applicable.	
8.2 Exposure controls		
Personal protection		
- Respiratory protection	No special respiratory protection equipment is recommended under normal conditions of use with adequate ventilation.	
- Skin protection	: Every part of the skin which had contact with the product should have been washed thoroughly.	

Page : 4 / 8

Revision nr : 1

Date : 1 / 9 / 2011 Supersedes : 0 / 0 / 0

SPS CS Plaster pretreatment

SIE00319-1a

SECTION 8. Exposure controls/personal protection (continued)	
- Eye protection	: Use safety eyewear designed to protect against splash of liquids.

- Hand protection	: For prolonged contact, use rubber or neoprene gloves.
	Barrier creams may help to protect the exposed areas of the skin, they should
	however not be applied once exposure has occurred.

SECTION 9. Physical and chemical properties (continued) : No data available. Log P octanol / water at 20°C 9.1.p. Auto-ignition temperature Auto-ignition temperature [°C] : The product does not ignites spontaneously. 9.1.q. Thermal decomposition : There are no data available on the preparation itself. When exposed to heat, may Thermal decomposition decompose liberating hazardous gases. (See Heading 10. SDS) 9.1.r. Viscosity : 100 - 120 Poise @ 20° C Viscosity (Brookfield Sp. 6/50 r.p.m) 9.1.s. Explosive Properties **Explosive Properties** : No dangerous reactions known. 9.1.t. Oxidising properties : No data available. **Oxidising properties** 9.2. Other information

SECTION 10. Stability and reactivity

10.1. Reactivity

No dangerous reactions known.

10.2. Chemical stability

Stable under recommended storage and handling conditions (see section 7).

10.3. Possibility of hazardous reactions

Keep away from oxidising agents, strongly alkaline and strongly acid materials in order to avoid exothermic reactions.

10.4. Conditions to avoid

When exposed to high temperatures may produce hazardous decomposition products.

10.5. Incompatible materials

See Heading 7.

10.6. Hazardous decomposition products

Such as carbon monoxide and dioxide, smoke, oxides of nitrogen etc.

SECTION 11. Toxicological information

On product

: There are no data available on the preparation itself.

This preparation is not classified as dangerous according to the EC Directive 1999/ 45/EC.

11.1. Information on toxicological effects

Repeated or prolonged contact with the preparation may cause removal of natural fat from the skin resulting in non-allergic contact dermatitis and absorption through the skin.

The liquid splashed in the eyes may cause irritation and reversible damage.

SPS CS Plaster pretreatment

SIE00319-1a

SECTION 12. Ecological information	on
<u>12.1. Toxicity</u>	
On product	: The mixture has been assessed following the conventional method of the Dangerous mixtures Directive 1999/45/EC and is not classified as dangerous for the environment.
12.2. Persistence and degradabilit	Y
Persistence and degradability	: No data available.
12.3. Bioaccumulative potential	
Bioaccumulative potential	: No data available.
12.4. Mobility in soil	
Not determined.	
<u>12.5. Results of PBT and vPvB ass</u>	sessment
This product is not, or does not conta	in, a substance that is a PBT or a vPvB.
12.6. Other adverse effects	
Ecological effects information	: There are no data available on the preparation itself. The product should not be allowed to enter drains or water courses.

SECTION 13. Disposal consideration	IS
13.1. Waste treatment methods	
Disposal	: Do not allow into drains or water courses.
	Dispose of this material and its container to hazardous or special waste collection point.
